- The restaurant is warm and dim, with green and gold notes

- Dark neutrals populate the walls and furniture

- The napkins and tablecloths are a clean cream color, but not too bright white

Demetri

- This is Demetri's palette
- He has a contrasting, but complementing, purple theme
- He will have one or two small gold accents to tie him to Erika and the restaurant
- His contrast with Erika and the restaurant represents his anxiety at the situation
- Ultimately though, his colors, though different, beautifully complement Erika's
